

Educational Equity Visioning Template

Identify educational equity strengths for your school(s).

Identify educational equity areas for growth for your school(s).

Identify key values, words or phrases that depict educational equity for your school(s)?

What would educational equity look like and feel like in your school(s)? How is it measured?

Generate a first draft of an educational equity vision statement for your school(s).

What commitments or actions support your equity vision?

Craft a motto/slogan that makes your equity vision accessible to a variety of school community members.

Describe, draw or insert a picture (below) that visually represents your equity vision and commitments.
